## TOWN AND COUNTY.

## BREVITIES.

Pay your taxes to-day.  
Seal-skins are now in order.  
"Moriarity" is all the go again.  
Stage popularity is assured wealth.  
All the hay on the meadows has been sold.  
Billy Emerson is rubbing 50 very close.  
The old year is going out in fine shape.  
The County Clerk's office is being fixed up.  
Butchers are offering five cents for beef cattle.  
The east-bound train last night was two hours late.  
J. E. Souchereaux has returned from his trip up north.  
Men from the pineries are scattering in every direction.  
The Silver Star Mill is shipping large quantities of flour.  
The circulation of the JOURNAL is constantly increasing.  
The Weekly JOURNAL is issued to-day. It is the star paper of Reno.  
If you want to kill alfalfa flood it with water and freeze it out.  
A large number of our citizens are complaining of severe colds.  
Mrs. J. G. Laws departed for San Francisco yesterday morning.  
Every boy in town has got "fifteen dollars on his inside pocket."  
The new addition to Manning's residence looks up in grand shape.  
Dr. Thoma left for Elko last night, being a witness in the Lewis case.  
Trains are now passing through town at all hours of the day and night.  
H. J. Pratt, of the Little Humboldt, arrived from Winnemucca yesterday.  
Supt. Lou Hamilton was a passenger for the Comstock yesterday morning.  
The water in the river is increasing and all the ditches are now bank full.  
Standard Nerve Food a healthful drink. Geo. Becker, agent, Reno, Nevada.  
Judge Rising sentenced George Campbell to ten years in the State Prison, for the crime of rape.  
The holder of ticket 904 will receive a handsome gold watch by presenting the ticket at Havenor's cash store.  
The building of the brick on the east side of Virginia street has caused a reduction from 9 to 5 per cent. on the frame risks adjacent thereto.  
It is claimed that the east side of Virginia street, between Second and Commercial, will be built entirely of brick before another Summer fades away.  
Every tourist who comes west to view the country and familiarize themselves with its resources, should stop over at all promising points along his line of travel.  
Mrs. Shinn, the daughter of Mr. and Mrs. Garrard, is visiting her parents with her two pretty children and will probably remain in Carson for a month or more.  
Remember Mrs. Alt's dancing school this afternoon at Armory Hall. She is a splendid teacher, and is worthy the patronage of all who desire to become dancers.  
Mrs. Jas. G. Rule, Miss Bossie Rule, Mrs. Brophy and Mrs. Frank Fielding, came down from the Comstock last night en route to the Bay on this morning's train.  
One of the employees at the Silver Star mill narrowly escaped being killed a day or two ago, by the falling of several tons of sacked flour, near which he was at work.  
Mrs. Theresa Fair is the first name in a list of over a column in the Examiner of ladies and gentlemen in charge of booths at the Fair in San Francisco in aid of the new cathedral.  
Jim Jones, a San Francisco cattle buyer, has been out in the eastern part of the State buying cattle. He says the country out that way is dry, and that fat beef cattle are scarce.  
Lovers of the terpsichorean art should not fail to patronize the social at Armory Hall to-night. Strangers who attend can rest assured that every attention will be paid to them.  
George Frantzke, who is under the treatment of Dr. Hogan for erysipelas, was made happy yesterday by the arrival of his wife from the Bay. The patient is rapidly recovering and hence both are happy.  
Miss Mary Miller, daughter of Wm. Miller, one of Washoe's prosperous ranchers, arrived on the overland Wednesday last from Sandusky, Ohio. She will possibly remain during the Winter with her parents and then return to Ohio again.

**TAPPING TAHOE.**—This much talked of prospect would be of incalculable importance to Western Nevada, but it is almost certain that it will never be accomplished under existing circumstances. The primary and most important step in this direction would be the annexation of that portion of California along the eastern slope of the Sierras to this State. That would settle the important question of proprietorship to the waters of Tahoe and other lakes and streams that could be made valuable for irrigating purposes. If the boundary line of Nevada is to be extended it should be in this direction, and by all the laws of natural lines, this strip of territory should be annexed to this State. On water, the future greatness of Nevada as an agricultural State mainly depends and the supply for this portion of the State has its source on California soil. This being the case, that commonwealth would naturally object to the tapping of Lake Tahoe or any other body of water under the jurisdiction of the Golden State. The annexation of this portion of California would, no doubt, meet with the approval of its people, and would be a source of wealth to Nevada. In consideration of the valuable advantages to be derived, it is a matter that should receive the consideration of our representatives, and should not be placed beyond our reach by the adoption of the Idaho scheme.

**WILL ARRIVE IN RENO.**—Doctors of the English staff physicians, surgeons and specialists, will arrive in Reno Tuesday evening November 29th, and can be consulted until Saturday evening, December 3d, at the Depot hotel. These surgeons return every three months, and to establish a wide reputation in Reno, they offer their services for the first visit free of charge. Let every sick person call upon the doctors, and where no hope of recovery can be held out the patient will receive the best of advice. These doctors have had large experience in the hospitals of London, Edinburgh, Dublin, Paris, Vienna, Berlin, St. Petersburg, New York, etc. To show the extent of their skill they offer a large premium if they fail to cure any case they undertake of consumption, catarrh, cancer, nervous debility, dyspepsia and liver complaint, skin, ear and eye diseases, rheumatism and ague. Head office, London, England, established in 1870. Branch office, San Francisco, Cal.

**THE COMMISSION.**—A distinguished party of Directors of the National Soldiers' Homes passed through Reno yesterday on their way to the coast to locate a Soldiers' Home, pursuant to an Act of Congress at the last session. The party comprised General Wm. B. Franklin and wife, of Hartford; General Jas. S. Negley and wife, of Pittsburg; Colonel Leonard A. Harris, of Cincinnati; Governor John A. Martin, of Kansas; General Martin T. McMahon, of New York City; General John C. Black and wife, of Washington; General Thos. W. Hyde and wife, of Bath, Me.; General Wm. J. Sewell, of Camden, N. J.; Captain John E. Mitchell and wife, of Milwaukee; Colonel E. F. Brown, of Dayton; Captain J. M. Birmingham, of Hartford.

**THE C. & C. ROAD.**—The extension of this road to the prosperous city of Los Angeles and the fruit growing county of California, has been positively determined upon and next Spring the work will be commenced and the line pushed to completion. Although this southern line will have no terminus here, only over another short road, it will be of incalculable importance to Western Nevada and to Reno particularly. It will command a heavy share of southern travel and this will advantage Nevada and have a direct bearing on its future settlement and prosperity. All such highways in connection with certain natural advantages will populate Western Nevada towns, and develop the mineral and other resources of our State.

**AN APPRECIATIVE SUBSCRIBER.**—Mr. Heidenreich, of Franktown, was in Reno yesterday, and like a sensible man, appreciating the excellence of the Weekly JOURNAL, paid last year's bill and advanced his \$2.50 for another continuance, saying as he did so: "I would not be without it for anything, because I read about the price of hay, the shipments of cattle and sheep, the mineral resources and the mining developments as well as secure the most reliable current news on politics and business." It is pleasant to hear such approbative remarks from an honest citizen and the JOURNAL will still endeavor to continue to merit such good opinions from all its patrons.

**GONE TO THE BAY.**—Mr. Richard Herz, the enterprising jeweler, went to San Francisco on Thursday to purchase as he said to a JOURNAL reporter, one of the most elaborate and diversified as well as novelistic quantities of jewel-Christmas window.

Give Henry Morris a call to-day. He is no better barber in Reno, and he only charges 25 cents for a shave, shampoo or hair cut.

## A LESSON IN PICTURES.

Life-Like Views of a Great Enterprise.

The Silver State is indebted to T. D. Parkinson, Manager of the Nevada Land and Cattle Company, for a set of photographs of the Kelly Creek ranch, Willow Creek dam and Squaw Valley alfalfa fields of the company, taken by his daughter, Miss Parkinson, who is quite an artist for an amateur. An excellent view of the dam, which is 175 feet in length and 55 in height, is given; also of the reservoir, which at present covers 400 acres, with an average depth of about 20 feet. There are also views of an alfalfa field 1,000 acres in extent in Squaw Valley, one of which shows the mowing machines at work cutting the grass, while another shows the hay in winnows, and men loading it on wagons. To be complete the set ought to contain a picture of Squaw Valley in its natural state, covered with scrubby sagebrush, and not producing grass enough to the acre to support a jack-rabbit, that the contrast between it now and then, when it produces four or five tons of hay to the acre, might be more apparent. This change from a desert to productive fields has been accomplished by storing water in the Spring when there is plenty, for use in the Summer when it is scarce, a system which sooner or later will be adopted wherever practicable throughout the State.

**ASPERSET.**—The Carson Appeal says: The interest excited in the new forage plant brought to public notice by the Appeal, is growing rapidly. It is being discussed by the journals of the coast and the Appeal has received a large correspondence from people who wish to know where the seed can be had. Mr. Herman Springmeyer, the rancher who first introduced it, tells the writer that he sometimes gets over a dozen letters a day from people who want seed. For the benefit of those, who are too numerous to open a regular correspondence with, the Appeal will state that the seed can be obtained for about 2 cents a pound in Germany. We are not posted on the cost of the transportation to this country. Yesterday Mr. Springmeyer sent the Appeal office a specimen of the plant. It was a thick, bunchy plant with long heavy leaves. It was something like alfalfa in appearance but had more substance, the leaves being thicker. A root about the size of a lead pencil extended from the plant about six inches when it suddenly became smaller, and from this root numerous long, thin roots radiate. The tap root was nearly a foot long. The foliage of the plant was about six inches and came from seed planted last Summer in dry ground where no moisture reached during the Summer. The plant was still green and had not suffered from the frost.

**WORTHY TO BE RICH.**—The Carson Tribune says: If there is a millionaire in the United States deserving to be rich and honored, that man is Senator Leland Stanford, of California, and the Tribune feels honored, by being the first newspaper in the State to add a testimonial to the praise of the good man. Senator Stanford was god-father to the late Leland Stanford, son of Captain Winnie, deceased, and gave the young man every educational opportunity, in fact treated him as one of his own, and now that the widow Winnie needs a friend, the Senator comes again to the front and states his intention of releasing all her Carson property from mortgage and so make the remainder of her life happy. It is no sacrifice to say "God bless Senator Stanford."

The Carson Tribune says: There is a rumor that unless the V. & T. makes better connections with the overland trains, a line of coaches will be put on between Virginia and Reno, leaving Virginia at 11 A. M., and reaching Reno in time for passengers to go below on the 2:10 train. Now if that is not barefaced cheek, friend Downing never gave evidence of possessing the very necessary editorial and political article. Our local road is always on time, but has been shamefully treated by the O. P. R. R. There is not a railroad in the United States that is better conducted, nor a corporation that pays so high a rate of wages.

B. Schwartz, of Hailey, Idaho, who for a long time was a barber in Virginia City arrived yesterday morning. He was the guest of Henry Morris, the barber, and leaves to-day for Virginia City, to meet old friends preparatory to visiting San Francisco. He is interested in some valuable mining property in the Territory, and says that annexation to Nevada is nothing more or less than a bag-a-boo.

Wm. Spier, the Russ House steward, will leave for Ogden next week where he will meet Miss Carrie Solomon, of Denver, Colorado, and be united in wedlock on Thanksgiving day. They will return to Reno and we trust meet with that success in life which honest love united well merits.

Col. W. J. Sutherland, the well-known mining operator of Candelaria, passed through last night for San Francisco. Supt. W. A. Little and wife accompanied him. Mr. Little has charge of the Georgine Mine and the Candelaria Water and Milling Company.

**What Is It**  
That produces that beautifully soft complexion and leaves no trace of its application or injurious effects? Windsor's Rose-cream does all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and unobtrusive. S. J. HODGKINS & CO., my 24 ly.

## 250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Lo-  
cation and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of  
the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west  
at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the  
rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River  
and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide,  
while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil  
is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from  
fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.
